Burial insurance is as important and beneficial in its way as life

It costs but little to join the HARRISON MUTUAL BURIAL AS-SOCIATION. Just \$6.00 membership fee and a very occasional assessment of one dollar when extraordinary emergency so demands, Since the Association was formed there have been only three assessments and the average cost to each member for the burial of a deceased member has been less than 2 2-3c.

Everything connected with the business of the Association is open to the most searching examination. Neither agnets nor officers of the organization receive remuneration from the monies collected, the Association's income being used solely for burial purposes.

bruise, which left an enlargement, During the fall, winter and spring tried all sorts of liniment and blisters without satisfactory results, and I was afraid he would not stand training on that account. Seeing your ad. for that account. Seeing your ad, for "Save-the-Horae" in the Horse Review I concluded to give it a trial. I commenced using it about June I, and commenced to jog him and started him into hard training June 15, and within six weeks after I began the use of "Save-the-Horse" there was no sign of weakness or enlargement of the ten-don, and he stood up to all kinds of hard training and racing without show-ing any weakness whatever.
